

# ANDREI G. MANSUETO

Lipa City, Batangas | +63 993 922 8497 | andrei.mansueto17@gmail.com

## PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in embedded systems, hardware/software troubleshooting, system testing, and application development. Experienced in developing sensor-integrated systems, real-time data applications, and database-backed software. Strong foundation in troubleshooting, systems integration, and technical problem-solving, with practical experience supporting software and hardware environments. **ENGINEERING**

## EXPERIENCE

**GIS APPLICATION DEVELOPMENT CENTER** On-the-Job Training | Feb – May 2026

- Performed hardware and software troubleshooting to identify and resolve technical issues.
- Diagnosed computer-related problems and assisted in implementing appropriate technical solutions.
- Supported users in maintaining reliable and efficient computer system operation.
- Collaborated with staff to address technical concerns and provide timely solutions.

## ENGINEERING & TECHNICAL PROJECTS

**Smartwatch Application for Elderly Health Monitoring and Emergency Fall Alerting System**  
2026

- Developed and tested a Wear OS smartwatch system for real-time health monitoring and emergency fall detection.
- Integrated Samsung Health SDK for health data collection and a TensorFlow machine learning model for AI-based fall detection.
- Integrated Firebase Realtime Database for real-time health-data synchronization and caregiver notifications.

**Social Media Application for Students** 2024

- Developed a Java-based platform supporting student interaction, posting, and messaging.
- Implemented SQL-backed data storage and database operations.

## EDUCATION

**Batangas State University** 2022 – 2026

Bachelor of Science in Computer Engineering

**La Purisima Concepcion Academy** 2020 – 2022

Senior High School – STEM Strand

## TECHNICAL SKILLS

**Engineering & Troubleshooting:** Computer Hardware and Software Troubleshooting; System Testing; Basic Electronics; Basic Circuit Analysis

**Embedded Systems:** Microcontrollers; Sensor Integration; Embedded System Development

**Programming:** Python; Java; Kotlin

**Databases & Development:** SQL; Firebase

**Data & Analysis:** Basic Data Analysis; Data Cleaning

**Networking:** Basic Networking Concepts

**Software & Tools:** Microsoft Office; Git/GitHub

## CORE STRENGTHS

- Logical and Analytical Thinking
- Problem-Solving and Troubleshooting
- Teamwork and Collaboration
- Adaptability and Willingness to Learn
- Attention to Detail

## CERTIFICATIONS & BADGES

- Computer Hardware Basic — Cisco Networking Academy | Jan 2026
- Networking Basics — Cisco Networking Academy | Jan 2026
- Web Development Fundamentals — IBM Skill Build | Sept 2026
- Information Technology Fundamentals — IBM Skill Build | Sept 2026
- SQL Associate — DataCamp | Sept 2026

## SEMINARS ATTENDED

- Machine Learning: From Concepts to Real-World Impact — CURSOR, Batangas State University | Nov 2025
- Cybersecurity: The Art of Defense — CURSOR, Batangas State University | Sep 2025
